

St. Elizabeth Adult Day Care Center seeks an innovative, mission-driven servant leader to manage and oversee five adult day care locations throughout the greater St. Louis area.

Our mission is to provide a safe, comfortable, wholesome, and stimulating environment for the aged and persons with special needs. We accomplish this by recognizing that each person - staff and participant - is to be respected, loved, and cared for. We serve participants in conjunction with their families by respecting the dignity of each person, fostering a Christian concern for one another, and developing or maintaining the capabilities of each person.
