

EMD Consulting Expands to Houston

EMD Consulting is expanding to Houston, bringing together Anna Coffey, Senior Consultant, and Partner Kari McAvoy to support one of the most dynamic nonprofit markets in the country.

EMD, where Experience Makes the Difference, partners with mission-driven organizations nationwide to build organizational strength across four service areas: leadership, strategy, fundraising, and operations.

With more than 55 combined years of experience, Anna and Kari will work alongside Houston-area organizations at critical inflection points, where leadership, strategy, and execution must align.
